

The New DRIVER COMPANION

Improves Efficiency

Automated driver interactions make your operations more streamlined.

Builds Loyal Driver Relations

Reduce churn by optimising driver performance and satisfaction.

Drivers Work Smarter and More Profitably

Identify the busiest areas to work now and upcoming.

Real-Time Earnings Stats

Drivers get accurate information on their full financial picture and driving efficiency.

Integrated With Ghost

Manually or automatically dispatch jobs to drivers via the Ghost booking and dispatch system.

Integrates with Phantom

Drivers can 'call customer' or 'call office' at any time during a job via the Phantom phone system.

PayPal HERE

Takes credit cards

Securely and quickly take all forms of electronic payments right in the vehicle.

The new Driver Companion takes the next leap forward in the way drivers can accept and complete a booking. It has been developed for private hire firms looking to simplify processes, optimise efficiency, raise earnings, improve service levels and promote driver retention, making it the perfect companion for your driver fleet.

Clear, intuitive dispatch technology at your fingertips

As the world's leading provider of taxi dispatch and management systems, Autocab is spearheading a technological revolution which now brings to market the brand new Driver Companion, offering a number of benefits to operators, drivers and customers. This feature-rich app can be installed on any Android Smartphone and is designed to work together with the state-of-the-art Ghost Cloud booking system to ensure your operations run smoothly and efficiently around the clock.

List of zones showing available jobs open for bid

Reduce downtime and wasted fuel - see which jobs are open for bid now and in the future, and how many drivers are waiting for work in each zone

Jobs can be sorted by zone name or distance

Jobs can also be assigned to the best placed driver

Smooth job workflow

Navigation from pick up to destination

Pre-defined prices or in-app GPS meter

Automatic text message to the passenger when their car arrives

All the information your drivers need

Real-time earnings reports at a glance

Fully automated driver ratings and league tables

Instant access to the busiest periods and missed earnings
